WORK EXPERIENCE

Digital Bolt - Associate Senior Software Developer

October 2023 - Present

As an Associate Senior Software Developer, I have worked extensively with a diverse tech stack, including the Web Technologies, Flutter, PHP, and SQL, to develop scalable web and mobile applications. My role involved creating responsive and dynamic user interfaces, integrating RESTful APIs, and optimizing application performance. With strong organizational and management skills, I effectively led teams, managed project timelines, and ensured the delivery of high-quality solutions. My work reflects a commitment to problem-solving, adaptability, and achieving results through collaboration and innovation.

TECHNICAL KNOWLEDGE

Web Technologies

Worked on building responsive and interactive web applications using HTML5, CSS3, JavaScript, and Bootstrap, ensuring cross-browser compatibility.

PHP

Used PHP to develop server-side logic, handle form submissions, and manage dynamic content in web applications, integrating with MySQL databases for data storage.

Flutter

Developed cross-platform mobile applications in Flutter, leveraging Dart and integrating REST APIs for seamless functionality.

SQL

Used SQL for data retrieval, manipulation, and reporting in managing and maintaining MySQL databases.

Cloud Deployment

Skilled in cloud deployment with hands-on experience in both AWS and Azure, including services like EC2, S3, Azure App Services, and DevOps pipelines.
